## Learn to Sail at Southern Yacht Club

Southern Yacht Club is one of the top sailing venues in the country and has a rich history in yachting. We provide an environment conducive to learning, safety, making friends and providing the passion for sailing that you can enjoy for a lifetime. Our program is designed to teach our members and their guest how to sail while providing the ability to fully utilize our wonderful club and its assets. Our classes are taught in the Club Rhodes 19 and Flying Scot Dinghies which are stable yet agile boats that are perfect for new sailors.
